Subject: FOIA Assignment for DON-NAVY-2016-000246
Date: Thursday, October 15, 2015 2:25:03 PM

You have been assigned to the FOIA request DON-NAVY-2016-000246. Additional details for this request are as follows:

- * Assigned By: (b) (6)
- * Request Tracking Number: DON-NAVY-2016-000246
- * Due Date: N/A
- * Requester: robert hammond
- * Request Track: Simple
- * Short Description: Submits appeal due to IDA, BUMED'S non response to his IR for 2012 Annual Report
- * Long Description: THIS IS AN APPEAL, NOT A FOIA REQUEST. I am appealing my FOIA request of September 14, 2014 to BUMED (which is shown at page 12 of the attached PDF) seeking the Walter Reed National Military Medical Center (WRNMMC) Fiscal Year 2012 Annual FOIA Report Submission. Basis for Appeal. This request remains open and unanswered, and I have not been provided an FY 2014 case tracking number. Despite factually inaccurate assertions by Ms. Patterson in the attachment, BUMED has not provided a reply to this FOIA request, nor has there been any letter of referral to Walter Reed National Military Medical Center. No responsive documents have been provided. I am further asserting that my FOIA request was not included in the DON FY 2014 Annual FOIA Report Submission to the Attorney General, nor has it been included in the FY2015 submission. As shown in the attachment, DON is aware that this FOIA request has not been included in its Annual FOIA Report submission. Please address this matter in your response to my appeal.

(b) (6)

SUBJECT: FREEDOM OF INFORMATION ACT (FOIA) APPEAL DON-NAVY
2016-000246

This responds to your FOIA appeal submitted via FOIA Online on October 14, 2015. You appeal the non-response of the Navy Bureau of Medicine and Surgery (BUMED) to your September 21, 2014 request for all information they received from Walter Reed National Military Medical Center (WRNMMC) with regard to the Fiscal Year 2012 FOIA Report.

Your appeal is a request for a final determination under the FOIA. I grant your appeal in part and deny it in part. BUMED was not able to locate a response to your September 21, 2014, but did locate two responsive records to your request. Therefore, rather than remanding this request to them for release, I am releasing them as enclosures to this letter in the interests of efficiency.

You also requested that BUMED amend previous Fiscal Year FOIA reports to reflect your request and enter your request into their processing log. This is not a proper FOIA request and no action will be taken on it. Requests under the FOIA may only reasonably describe records to be produced; there is no right under the FOIA for requesters to alter the process by which FOIAs are tracked internally or reported and no requirement for an agency to respond to such demands. Nor is there an obligation to create new records in response to a FOIA request. LaRoche v. SEC, 289 F. App'x 231, 231 (9th Cir. 2008).

I am releasing the names of the FOIA requesters as courts have held that under the FOIA requesters do not have an expectation of privacy. Stauss v. IRS, 516 F. Supp. 1218, 1223 (D.D.C. 1981). However, I am redacting the names of individuals and personal information about them listed in the e-mails and the FOIA processing log under FOIA exemption (b)(6). I find that these action officers have a significant privacy interest in this information as they are relatively junior government employees and employees of the Department of Defense. I also find that their privacy interests are enhanced given the recent security concerns caused by the targeting of DoD personnel by

Ser 14/050
November 16, 2015

terrorist organizations. Furthermore, I find there is no public interest in their identities as they are not the final decision makers and release of their identities sheds no light on the inner workings of the United States Navy.

While I am substantively granting your appeal, you may view the withholdings as a denial. As the Secretary of the Navy's designee, I am responsible for the denial of this portion of the appeal. You may seek judicial review of this decision by filing suit in an appropriate United States District Court. My office represents the United States government and is therefore unable to assist you in this process. Should you have any questions or concerns, my point of contact is LT (b) (6), JAGC, USN, who may be reached at (b) (6)@navy.mil or (b) (6).

Sincerely,

(b) GAO Report GAO-12-828 of July 2012, subject Freedom of Information Act

Dear Ms. Patterson,

The assertions in the DON FOIA letter referenced above (which is included as Attachment A) are incorrect. Moreover, they are contradicted by FOIA case files and related correspondence that is required to be retained in the FOIA case files.

The sole issue prompting the DON PA/FOIA Program Office letter at Attachment A is my FOIA request to BUMED for the Walter Reed (WRNMMC) 2012 Annual FOIA report submission to BUMED. Per the email thread at Attachment B, BUMED has not answered that FOIA request nor has it been referred to WRNMMC, recorded in the FOIAonline central case tracking system used by DON or reported in the DON FY 2014 Annual FOIA Report submission. Moreover, there has been no separate telephone conversation regarding this matter (or the other matters in the letter); only the email thread at Attachment B, and the separate email thread initiated by DONCNO FOIA Request Service Center (through an unaccountable contractor) at Attachment C. The DON Annual FOIA Report submission for FY 2014 is inaccurate with regard to this request, and likely inaccurate related to the processing times reported for other requests.

My request for the WRNMMC FY 2012 Annual FOIA Report submission was submitted to BUMED on September 21, 2014, because the BUMED FY 2012 Annual FOIA Report submission posted on the BUMED website lists WRNMMC as a submitting command in their report, as do other documents posted on the Web. Additionally, documents obtained through a subsequent FOIA request to DON list WRNMMC as a DON reporting entity in the DON FY 2012 and 2013 Annual FOIA Report submissions See attachments D and <http://www.med.navy.mil/SiteCollectionDocuments/FOIA/FY%202012.pdf>.

My request to BUMED for the WRNMMC FY 2012 Annual FOIA Report submission remains open, pending a reply from BUMED, as required by the FOIA, governing regulations and policies.

ACTION REQUESTED – DON FOIA Office. As previously requested, please:

- assign a case tracking number to this request,
- enter the request under that case number into FOIAonline with a request date of September 21, 2014,
- include a copy of this correspondence in the case file linked to FOIAonline,
- reflect this as an open request in your Annual FOIA Report submissions going forward.

The delayed processing of this particular FOIA request is a relatively minor matter. BUMED could have responded the request, and DON FOIA could have made a simple administrative correction to the DON FY 2014 Annual FOIA report submission. Both still need to be done. However, the alternative decision to create a separate email thread and subject line for reply to this FOIA request, mischaracterize the issue, improperly attempt to close the FOIA request without an accountable FOIA decision from BUMED and then construct the factually incorrect and misleading high-level narrative contained in the DON FOIA Letter at Attachment A is concerning.

Regarding FOIA requests adjudicated by DON Jude Advocate General (JAG) Code14 in FY 2013, DON JAG has declined for well over eighteen months to provide the statutory basis for denial for appeals related to several FOIA requests submitted to WRNMMC for records known to be in WRNMMC custody. Nearly all appeals were submitted solely on the basis that WRNMMC failed to provide any reply during the statutory 20 day time period. DON JAG did not sustain the appeals or remand them back to WRNMMC. WRNMMC has still not responded to these open requests. All case records and correspondence confirm this. My concern regarding DON JAG is that DON JAG continues to refuse to provide the statutory basis for denial for FOIA request appeals, as required by the FOIA and governing regulations and policies.

Regarding the specific FOIA request referenced in your letter that I submitted to WRNMMC on June 22, 2013, appealed to DON JAG on July 22, 2013 and subsequently requested OGIS assistance, DON JAG has declined for over eighteen months to provide the statutory basis for denial for that request as well. In that request, the third sentence of my request clearly states an offer to pay up to \$200 (identical to that of other FOIA requests), and WRNMMC improperly denied the request by falsely asserting that I did not offer to pay. WRNMMC simply did not want to answer the request. When OGIS inquired on my behalf, DON JAG ultimately conceded through OGIS only that I "was improperly advised." DON JAG has still not provided any statutory basis for denial or even affirmed that the request was denied. That request was not remanded to WRNMMC. WRNMMC has not opened the request under another case number, nor has WRNMMC provided any reply or other basis for denial. By this unethical tactic, any FOIA request could be denied, undermining the integrity of the FOIA process and the accuracy of FOIA reporting to DOD leadership and the Chief Justice of the United States.

In addition to the requests appealed to DON JAG discussed above, many other FOIA/PA requests submitted to WRNMMC since that time remain open without WRNMMC FOIA case tracking numbers assigned or any reply.

The statement that the Department of Defense and WRNMMC do not know where WRNMMC submitted its FY 2012 and FY 2013 Annual FOIA reports [and Quarterly Privacy Act (PA) Reports] is not credible. WRNMMC knows where the reports were submitted. It is worthy of note that WRNMMC has denied a FOIA requests for its FY2013 Annual FOIA report and FY2013 Quarterly Privacy Act Reports, improperly claiming them to be pre-decisional documents exempt under Exemption B5 even though DOJ guidelines require FOIA report submissions to be posted on public web sites and an agency's FOIA report does do not meet any of the requirements for citing that exemption. Similarly, WRNMMC has refused to provide any documents requested under FOIA related to the WRNMMC FY 2013 FOIA and PA reporting chains of command.

ACTION REQUESTED – WRNMMC Department Chief, HIPAA/Privacy Act/FOIA/Civil Liberties Office. Please reply to all email addresses and provide the following in PDF format:

- documents demonstrating the entity to whom WRNMMC submitted its FY 2012 Annual FOIA Report,
- documents demonstrating the entity to whom WRNMMC submitted its FY 2013 Annual FOIA Report,
- a copy of the WRNMMC FY 2013 Annual FOIA Report submission,
- documents demonstrating the entities to whom WRNMMC submitted its four FY 2013 Quarterly Privacy Act Reports for consolidated reporting to the United States Congress,
- copies of the WRNMMC four FY 2013 Quarterly Privacy Act Report submissions.

Finally, there are many very significant issues regarding WRNMMC FOIA and PA request processing/compliance (in addition to those cited above) that are currently being addressed at the WRNMMC/DHA working level with senior leadership awareness. These matters may be addressed in more detail at a later time, if not resolved.

The matters addressed in this letter (and those being addressed at the WRNMMC/DHA working level) go to the heart of the integrity of the FOIA process and the accuracy of FOIA/PA reporting to DOD leadership, the Chief Justice and the United States Congress. This may be a matter of concern for DON CIO, DOD CIO and OGIS.

In closing, I am taken by CDR (b) (6) email signature line quote: *"Ethics only have meaning when converted to direct, decisive action."*

Thank you.

With my respect,

(b) (6)

Dear Mr. Hammond:

SUBJECT: YOUR FREEDOM OF INFORMATION ACT REQUESTS

This is in reference to a series of Freedom of Information Act (FOIA) requests submitted to Walter Reed National Military Medical Center (WRNMMC) and to the Bureau of Medicine and Surgery (BUMED). You have been in contact with these offices, as well as several offices along their respective chains of command, as well as an attempt to resolve this matter through mediation by the Office of Government Information Services (OGIS).

It is our understanding that your primary concern is the following: you submitted two (or more) FOIA requests to WRNMMC, which were (improperly) closed due to fee considerations. You appealed the response, and the ultimate result was that the fees were waived and your requests were processed. You are concerned not with the processing of those requests, but with the reporting of the disposition of the requests in the FOIA Annual Report. On this understanding, we are exclusively attempting to address your concern about the accuracy of the Annual Report.

Please be advised that the "raw data" you are seeking with regard to the Annual Report submissions, insofar as it addresses your direct concern, would be maintained solely by WRNMMC. Across DON, Annual Report Data is collected and compiled using DD FORM 2564. A blank copy of a DD FORM 2564 is attached. Please note that this form only tracks aggregate numbers, with no ability to infer the disposition of any specific request.

We contacted BUMED on this matter. BUMED advised that, due to unavoidable personnel management considerations, the BUMED FOIA office has been understaffed, which has delayed response to your multiple inquiries. We apologize for this delay. BUMED further advised that your requests had been directed to WRNMMC and that you were advised of this referral. Additionally, BUMED indicated that their offices have no record of a FOIA Annual Report submission from WRNMMC since Fiscal Year 2009.

With regard to WRNMMC, please be advised that recent reorganizations and redesignations have made it extremely difficult to determine which offices had administrative control over WRNMMC at which time, and that the specific matter of FOIA authority has been similarly unclear. The FOIA page for the WRNMMC website indicates that WRNMMC FOIA falls under the authority of DON. This is not correct. As of October 1, 2013, WRNMMC FOIA falls under the authority of the Defense Health Agency (DHA). If you have concerns about the service you are receiving from the WRNMMC Requester Service Center, please contact the DHA FOIA Liaison Officer at Defense Freedom of Information Policy Office, ATTN: Ms. Linda S. Thomas, Chief, Freedom of Information Service Center, Defense Health Agency, 7700 Arlington Boulevard, Suite 5101, Falls Church, VA 22042-5101, by phone at (703) 681-7500, or by email at FOIARequests@tma.osd.mil.

As an additional note, it is important to refer to the Department of Justice Office of Information Policy guidance regarding accurate completion of the Annual Report (copy attached). If your request was closed for a fee-related reason, appealed, remanded, and then processed to completion, it would be proper to report both the closure for the fee-related reason as well as the final disposition following remand ("For reporting purposes, a remanded request should be treated as a new request by the agency and the time spent processing the request should be included in the agency's Annual FOIA Report just as is done for all FOIA requests.")

In conclusion, please be advised that DON has no further involvement in this matter - WRNMMC no longer falls under DON for FOIA purposes, and BUMED properly responded to your requests for WRNMMC Annual Report data by referring those requests to WRNMMC. As noted above, if you have concerns about the service you are receiving from the WRNMMC Requester Service Center, please contact the DHA FOIA Liaison Officer.

We apologize for the difficulty you have had in the processing of your requests. Questions regarding this response may be directed to Mr. (b) (6) at (b) (6) or by email at (b) (6) @navy.mil.

Sincerely,

ROBIN PATTERSON

Subj: Re: FOIA Request – WRNMMC Fiscal Year 2012 Annual FOIA Report Submission

Dear CDR (b) (6)

I will appreciate your prompt reply to my FOIA request of September 21, 2014 for the "WRNMMC Fiscal Year 2012 Annual FOIA Report Submission", which has now exceeded the statutory time for a final decision.

For your convenience and that of others, I am attaching PDF files for both my September 21, 2014 FOIA request for the "WRNMMC Fiscal Year 2012 Annual FOIA Report Submission" and my June 21, 2014 FOIA request for "All Fiscal Year 2013 Annual FOIA Reports" (assigned case number DON-NAVY-2014-009065) that has been referenced in this email thread below. These are indisputably distinctly different requests. Please include them in your case file.

I also look forward to your reply regarding proper reporting of my September 21, 2014 FOIA request in the FY 2014 Annual Freedom of Information Act Report submission via the chain of command to the Attorney General of the United States, as required by 5 U.S.C. § 552(e)(1). Please advise me of your decision. Please advise your senior leadership of this matter as you deem appropriate.

For DON CIO,

I note that my FOIA request of June 21, 2014 with your case number DON-NAVY-2014-009065 currently displays on the web that the submitter and the subject are under agency review. There is no ambiguity that I submitted this request, that the subject of this request is: All Fiscal Year 2013 Annual FOIA Reports Submitted to BUMED and that the case was closed prior to submission of my September 21, 2014 request. Please ensure that the original content for this case is promptly restored.

Thank you.

With my respect,

Robert Hammond

Dear CDR (b) (6)

Thank you for your interim reply.

Please provide me the FOIA case tracking number for this request and advise if this request has been included in your submission to the FY 2014 Annual FOIA Report to Congress. If it has not, please advise of action planned or taken to correct or amend your submission.

It is concerning that it has taken multiple follow ups to receive any reply from BUMED for what is unambiguously a new FOIA request. However, even a request that is identical in every respect requires a final response from the Agency granting or denying the request and the request must be included in the Annual FOIA Report to Congress.

Please include this email in your FOIA case file for my FOIA request.

Sir,

I have searched FOIAonline, the Department of the Navy's central service for the processing of requests under the FOIA (which is located on the Internet at <https://foiaonline.regulations.gov/foia>), but have not found any request under your name listed as having been submitted on September 21, 2014.

Has anyone on this thread seen this request? Please respond yes or no.

Dear Mr. Julka,

Please see my reply to this question of Monday, November 10, 2014 3:22 PM In that June 21, 2014 FOIA request that you referenced, I sought FY 2013 FOIA reports. While the BUMED reply did not meet my expectations, I did not appeal. The request below, which was submitted at 9/21/2014 9:14:07 A.M, seeks the Walter Reed National Military Medical Center (WRNMMC) FY 2012 Annual Freedom of Information Act Report submission to BUMED. It is a different FOIA request:

I went directly to the BUMED FOIA Office to file that FOIA request, just as I did with my earlier request to them. BUMED should have reported this request as open in their FY 2014 Annual FOIA Report to Congress.

Are you able to assist as the liaison in helping me to get a tracking number and a reply to this second FOIA request?

With my respect,

Robert Hammond

that the request was closed with a final disposition notice on August 26, 2014. Do these dates, or at least some of these dates, sound correct to you?

Dear Ms. Garcia,

I am submitting this request under the Freedom of Information Act, U.S.C. subsection 522. I
agree to pay fees for searching or copying the records up to \$100. If the fees exceed this amount please
advise me of the cost. I am a private citizen seeking this information. I do not believe that there should be
any charge for providing these records.

If you deny all or any part of this request, please cite each specific exemption you think justifies
your refusal to release the information and notify me of appeal procedures available under the law.

Please include a copy of this request in your reply. This request letter is an agency record and
providing a copy of this request is an integral part of my FOIA request.

The requested format is Adobe PDF. Formal reply by email is acceptable.

Background: The Freedom of Information Act Requires an annual report. The overarching
guidance for DoD is found in DoD 5400.7-R, September 1998, which states:

C7.1. REPORTS CONTROL

C7.1.1. General.

C7.1.1.1. The Annual Freedom of Information Act Report is mandated by the statute and reported
on a fiscal year basis. Due to the magnitude of the requested

statistics and the need to ensure accuracy of reporting, DoD Components shall track this data as
requests are processed. This will also facilitate a quick and accurate compilation of statistics. DoD
Components shall forward their report to the Directorate for Freedom of Information and Security Review
no later than November 30 following the fiscal year's close.

(Intervening text omitted)

C7.1.2.5.4. Accuracy of Calculations. Components must ensure the accuracy of calculations. As backup, the raw data used to perform calculations

should be recorded and preserved. This will enable recalculation of median [and mean values] as necessary. Components may require subordinate elements to

forward raw data, as deemed necessary and appropriate.

I am requesting a copy of the WRNMMC FY 2012 Annual Freedom of Information Act Report submissions to you as it was received in your office. This includes the incoming correspondence, all enclosures and any raw data. The Department of Navy web site at [https://foia.navy.mil/foia/webdoc01.nsf/\(vwDocsByID\)/DL120718122927/\\$file/2012%20Agency%20Components%20and%20Subcomponents-addresses.pdf](https://foia.navy.mil/foia/webdoc01.nsf/(vwDocsByID)/DL120718122927/$file/2012%20Agency%20Components%20and%20Subcomponents-addresses.pdf) <[https://foia.navy.mil/foia/webdoc01.nsf/\(vwDocsByID\)/DL120718122927/\\$file/2012%20Agency%20Components%20and%20Subcomponents-addresses.pdf](https://foia.navy.mil/foia/webdoc01.nsf/(vwDocsByID)/DL120718122927/$file/2012%20Agency%20Components%20and%20Subcomponents-addresses.pdf)> shows WRNMMC as a command reporting to you, and you similarly reflect that in your 2012 submission to your higher headquarters shown on your website.

Please note that I am not asking for your consolidated report; I am asking for all documents related to the WRNMMC submission to you. The fact that you include your submission to your higher headquarters on your public website means that there can be no basis for denial of a subordinate command submission to you for your further consolidation.

Reference (a) states that for requests 'that will require more than ten days for the agency to process the FOIA requires agencies to assign a tracking number to your request. Each agency must provide a telephone number or website by which a requester can use the assigned tracking number to obtain information about the status of a pending request.' DoD 5400.11-R, May 14, 2007, paragraph C3.1.10. states: "Time Limits. "DoD Components normally shall provide access within 20 working days after receipt of the request. If access cannot be given within the 20 working day period, the requester shall be notified in an interim response." Please provide me a tracking number for this request.

Your timely reply to my request will be greatly appreciated. Thank you in advance.

With my respect,

Robert Hammond

Dear Mr. (b) (6)

Thank you for your email

Regarding my FOIA request for Walter Reed's FY 2012 Annual FOIA Report submission, it is a fully perfected request. I am simply asking that BUMED provide the responsive documents.

Regarding reporting, BUMED/Navy will have to sort that out. It is my understanding that upon receipt of a request, the Agency is required log the request into an accountable system of record, assign an Agency case tracking number, provide the requestor the case tracking number within ten days if the request will not be satisfied within twenty days along the web site where status may be tracked and report the request in their annual FOIA report submission. That didn't happen in this case. BUMED/Navy may wish to consider reviewing internal controls and training to prevent inadvertent error going forward.

I appreciate your valuable contribution as a support contractor. Please convey my thanks to the members of your office for your continuing support.

With my respect and appreciation,

Subject: FOIA Annual Report Process Changes--New requirements of FOIA Improvement Act
Importance: High

ALL:

Please be mindful of the following two requirements of the FOIA Improvement Act that became law June 30. These new requirements stand to make a potentially huge difference in the way we (and all Federal agencies) do the Annual FOIA Report, to include the present reporting season.

1. The Act requires us to support our report with a raw data file. This means a line-by-line accounting of every request, consultation, appeal, etc. It is supposed to be in an electronic format which shall be aggregated, searchable and downloadable in bulk, free of charge. This newly required file is expected to be scrutinized by external entities, so it needs to be complete and accurate. FOIAonline has agreed to generate this file for us. Thus hopefully this requirement will have little impact on our FOIA processors. However, if any change is proposed to the FOIAonline's draft report in the sections that pertain to our handling of cases, it would be necessary to support this proposed change by completing the attached "Annual Report Raw Data Spreadsheet" furnished by the DoJ. Without the completion of this form, any proposed input differing from the FOIAonline draft in any section having to do requests, appeals, consultations, etc. would not be acceptable.

2. The Act requires us to provide data that we never had to report before, i.e.: statistics on the FOIA records that we have posted pursuant to (a)(2) on our FOIA webpages and in our FOIA libraries, but not just there, but also in our agency webpages operated by program offices outside of our FOIA offices. Please (DNS-36 & DMCS-ARSF) provide me whatever statistics you have in this regard for inclusion in our report.

The Act has a third requirement that I don't think applies to us, but I'll bring it up just in case it does: Any use of the "Exclusions" from the FOIA that are set forth in Subsection (c). These exclusions typically apply only to law enforcement agencies, and I am not aware of our having invoked them. However, if we have invoked any of the exclusions, please let me know by our report deadline because this shall have to be reported. Otherwise, I shall assume the correct number is zero.

Thanks!

Subject: Response to appeal DON-NAVY-2016-001842

Good morning Mr. Hammond,

Happy new year!

We have received your appeal with the above listed number. However, I regret to inform that our office will be taking no further action on it as it is not a proper FOIA appeal. You challenge the fact that we granted your appeal and released information to you with redactions in earlier appeal from BUMED DON-NAVY-2016-000246; however, pursuant to SECNAVINST 5720.42F, Mr. Lattin is the proper appellate authority for BUMED and his action represents the final agency action on this matter. Contrary to what you state, Code 14 is authorized to make disclosures on behalf of the Navy, including on behalf of IDAs, and so our release and the redactions therein are final and non-appealable. There is no requirement that the granting of appeal must be remanded to the IDA to release the information instead of the appellate authority releasing the information in an effort to expedite the information to the requester. Similarly, there is neither the requirement nor the ability for the DoN to elevate review of a DoN FOIA request or appeal to the DoD. I'm sorry that we can't be of more assistance in this matter. As stated in the final letter, you always retain the right to challenge any final agency action by filing a complaint in a United States District Court, including this one. If you continue to be dissatisfied with the Navy's response and FOIA procedures that is the best option available to you.

Very respectfully,

Subject: [Non-DoD Source] FOIA Appeal DON-NAVY-2016-001842 Submitted

This message is to notify you of a new appeal submission to the FOIAonline application. Appeal information is as follows:

- * Appeal Tracking Number: DON-NAVY-2016-001842
- * Request Tracking Number: DON-NAVY-2016-000246
- * Requester Name: robert hammond
- * Date Submitted: 12/10/2015
- * Appeal Status: Submitted
- * Description: WRNMMC 2012 FOIA RPT

In a DON JAG letter 5720 Ser 14/050, DON JAG granted my appeal in part but inappropriately redacted the names of government personnel under exemption (b)6(). The correct procedure is to grant the appeal, remand the Request back to BUMED to release responsive documents and restore my appeal rights once those responsive documents are released. DON JAG cannot foreclose my right to appeal the subsequent release of records .

I am appealing all redactions and seeking that my appeal be handled outside of DON JAG a the next higher level in the DOD. DON JAG has a conflict of interest, having denied release of records from his office on that same basis in connection with records sought to ascertain if his office has acted legally under the FOIA and the Privacy Act and has submitted inaccurate FOIA reports to higher headquarters for submission to the Attorney General. Regardless of grade level, there is no right to privacy for the names of Government civilian employees in the performance of their official duties. Moreover, some names have already been released to me via FOIA and cannot be redacted in these documents. The BUMED paralegal is Dela Garcia (b) (6) @MED.NAVY.MIL

42. The DoD Privacy Act Program Regulation directs that the personnel information sought by Hammond for DoD civilian employees and military members must be released under the FOIA:

DoD 5400.11-R, May 14, 2007, DoD Privacy Act Program:

C4. CHAPTER 4

DISCLOSURE OF PERSONAL INFORMATION TO OTHER AGENCIES AND THIRD PARTIES

C4.1. CONDITIONS OF DISCLOSURE

[Intervening text omitted]

C4.2. NON-CONSENSUAL CONDITIONS OF DISCLOSURES

[Intervening text omitted]

C4.2.2. Disclosures Required by FOIA

C4.2.2.1. All records must be disclosed

[Intervening text omitted]

C4.2.2.5.1. DoD Civilian Employees

C4.2.2.5.1.1. Some examples of personal information regarding DoD civilian employees that normally may be released without a clearly unwarranted invasion of Privacy.

- * Date Submitted: 12/10/2015
- * Appeal Status: Submitted
- * Description: WRNMMC 2012 FOIA RPT

In a DON JAG letter 5720 Ser 14/050, DON JAG granted my appeal in part but inappropriately redacted the names of government personnel under exemption (b)(6). The correct procedure is to grant the appeal, remand the Request back to BUMED to release responsive documents and restore my appeal rights once those responsive documents are released. DON JAG cannot foreclose my right to appeal the subsequent release of records .

I am appealing all redactions and seeking that my appeal be handled outside of DON JAG at the next higher level in the DOD. DON JAG has a conflict of interest, having denied release of records from his office on that same basis in connection with records sought to ascertain if his office has acted legally under the FOIA and the Privacy Act and has submitted inaccurate FOIA reports to higher headquarters for submission to the Attorney General. Regardless of grade level, there is no right to privacy for the names of Government civilian employees in the performance of their official duties. Moreover, some names have already been released to me via FOIA and cannot be redacted in these documents. The BUMED paralegal is Dela Garcia (b) (6) @MED.NAVY.MIL

42. The DoD Privacy Act Program Regulation directs that the personnel information sought by Hammond for DoD civilian employees and military members must be released under the FOIA:

DoD 5400.11-R, May 14, 2007, DoD Privacy Act Program:

C4. CHAPTER 4

DISCLOSURE OF PERSONAL INFORMATION TO OTHER AGENCIES AND THIRD PARTIES

C4.1. CONDITIONS OF DISCLOSURE

[Intervening text omitted]

C4.2. NON-CONSENSUAL CONDITIONS OF DISCLOSURES

[Intervening text omitted]

C4.2.2. Disclosures Required by FOIA

C4.2.2.1. All records must be disclosed

[Intervening text omitted]

C4.2.2.5.1. DoD Civilian Employees

C4.2.2.5.1.1. Some examples of personal information regarding DoD civilian employees that normally may be released without a clearly unwarranted invasion of Privacy.

The two requests from Hammond that was sent to DNS 36 do you want me to log them as new appeals. Hammond has way to many request so I don't know what's a duplicate and what's not because it looks like he is asking for the same stuff over and over. E-mail from (b) (6) below.

Subject: FOIAonline -- required corrections

ALCON,

BACKGROUND: DNS-36 is getting ready to produce the annual FOIA report, which will be done this year solely on FOIAonline. Accordingly, DNS-36 is asking each Echelon II authority to validate data.

REQUEST: DNS-36 has tasked us with ensuring that every case on the attached spreadsheet is marked "perfected."

- (Per DNS-36: "There are legitimate reasons for a request to be unperfected - these include final dispositions that are necessarily unperfected (e.g., improper FOIA Request for other reason). The big concern is that a request older than 20 days (not counting tolling) is expected to be perfected, and a request normally should not be tolled for any extended period (favoring closure under one of the necessarily unperfected dispositions, such as fee issues, not reasonably described, etc.)")

- For those cases that are already closed, you will need to "re-open" them in FOIAonline in order to perfect them. The instructions are attached. Having just done this for several of Code 13's cases, I will not sugar-coat -- it is a painfully slow process.

SUSPENSE: Please have all data up-to-date by Friday, 29 Sep 2017.

Please let LCDR (b) (6) or me know if you have any questions. Thank you in advance for all your assistance!

All best & V/r,

Subject: FOIAonline -- required corrections

ALCON,

BACKGROUND: DNS-36 is getting ready to produce the annual FOIA report, which will be done this year solely on FOIAonline. Accordingly, DNS-36 is asking each Echelon II authority to validate data.

REQUEST: DNS-36 has tasked us with ensuring that every case on the attached spreadsheet is marked "perfected."

- (Per DNS-36: "There are legitimate reasons for a request to be unperfected - these include final dispositions that are necessarily unperfected (e.g., improper FOIA Request for other reason). The big concern is that a request older than 20 days (not counting tolling) is expected to be perfected, and a request normally should not be tolled for any extended period (favoring closure under one of the necessarily unperfected dispositions, such as fee issues, not reasonably described, etc.)")

- For those cases that are already closed, you will need to "re-open" them in FOIAonline in order to perfect them. The instructions are attached. Having just done this for several of Code 13's cases, I will not sugar-coat -- it is a painfully slow process.

SUSPENSE: Please have all data up-to-date by Friday, 29 Sep 2017.

Please let LCDR (b) (6) or me know if you have any questions. Thank you in advance for all your assistance!

Joe Davidge

Department Chief, HIPAA/Privacy Act/FOIA/Civil Liberties Office Walter Reed National Military Medical Center (WRNMMC)

8901 Wisconsin Avenue, Building 1, Deck 2 (2nd Floor), Room #2430 Bethesda, Maryland 20889-5600

Reference: (a) Department of the Navy (DON) Office of the Chief of Naval Operations letter 5720, Ser DNS-36JP/15U105010 of 7 Jan 15

Dear Ms. Patterson and Mr. Davidge,

The assertions in the DON FOIA letter referenced above (which is included as Attachment A) are incorrect. Moreover, they are contradicted by FOIA case files and related correspondence that is required to be retained in the FOIA case files.

The sole issue prompting the DON PA/FOIA Program Office letter at Attachment A is my FOIA request to BUMED for the Walter Reed (WRNMMC) 2012 Annual FOIA report submission to BUMED. Per the email thread at Attachment B, BUMED has not answered that FOIA request nor has it been referred to WRNMMC, recorded in the FOIAonline central case tracking system used by DON or reported in the DON FY 2014 Annual FOIA Report submission. Moreover, there has been no separate telephone conversation regarding this matter (or the other matters in the letter); only the email thread at Attachment B, and the separate email thread initiated by DONCNO FOIA Request Service Center (through an unaccountable contractor) at Attachment C. The DON Annual FOIA Report submission for FY 2014 is inaccurate with regard to this request, and likely inaccurate related to the processing times reported for other requests.

My request for the WRNMMC FY 2012 Annual FOIA Report submission was submitted to BUMED on September 21, 2014, because the BUMED FY 2012 Annual FOIA Report submission posted on the BUMED website lists WRNMMC as a submitting command in their report, as do other documents posted on the Web. Additionally, documents obtained through a subsequent FOIA request to DON list WRNMMC as a DON reporting entity in the DON FY 2012 and 2013 Annual FOIA Report submissions See attachments D and

<http://www.med.navy.mil/SiteCollectionDocuments/FOIA/FY%202012.pdf>

<<http://www.med.navy.mil/SiteCollectionDocuments/FOIA/FY%202012.pdf>> .

My request to BUMED for the WRNMMC FY 2012 Annual FOIA Report submission remains open, pending a reply from BUMED, as required by the FOIA, governing regulations and policies.

ACTION REQUESTED – DON FOIA Office. As previously requested, please:

- assign a case tracking number to this request,
- enter the request under that case number into FOIAonline with a request date of September 21, 2014,
- include a copy of this correspondence in the case file linked to FOIAonline,
- reflect this as an open request in your Annual FOIA Report submissions going forward.

The delayed processing of this particular FOIA request is a relatively minor matter. BUMED could have responded the request, and DON FOIA could have made a simple administrative correction to the DON FY 2014 Annual FOIA report submission. Both still need to be done. However, the alternative decision to create a separate email thread and subject line for reply to this FOIA request, mischaracterize the issue, improperly attempt to close the FOIA request without an accountable FOIA decision from BUMED and then construct the factually incorrect and misleading high-level narrative contained in the DON FOIA Letter at Attachment A is concerning.

Regarding FOIA requests adjudicated by DON Jude Advocate General (JAG) Code14 in FY 2013, DON JAG has declined for well over eighteen months to provide the statutory basis for denial for appeals related to several FOIA requests submitted to WRNMMC for records known to be in WRNMMC custody. Nearly all appeals were submitted solely on the basis that WRNMMC failed to provide any reply during the statutory 20 day time period. DON JAG did not sustain the appeals or remand them back to WRNMMC. WRNMMC has still not responded to these open requests. All case records and correspondence confirm this. My concern regarding DON JAG is that DON JAG continues to refuse to provide the statutory basis for denial for FOIA request appeals, as required by the FOIA and governing regulations and policies.

Regarding the specific FOIA request referenced in your letter that I submitted to WRNMMC on June 22, 2013, appealed to DON JAG on July 22, 2013 and subsequently requested OGIS assistance, DON JAG has declined for over eighteen months to provide the statutory basis for denial for that request as well. In that request, the third sentence of my request clearly states an offer to pay up to \$200 (identical to that of other FOIA requests), and WRNMMC improperly denied the request by falsely asserting that I did not offer to pay. WRNMMC simply did not want to answer the request. When OGIS inquired on my behalf, DON JAG ultimately conceded through OGIS only that I "was improperly advised." DON JAG has still not provided any statutory basis for denial or even affirmed that the request was denied. That request was not remanded to WRNMMC. WRNMMC has not opened the request under another case number, nor has WRNMMC provided any reply or other basis for denial. By this unethical tactic, any FOIA request could be denied, undermining the integrity of the FOIA process and the accuracy of FOIA reporting to DOD leadership and the Chief Justice of the United States.

In addition to the requests appealed to DON JAG discussed above, many other FOIA/PA requests submitted to WRNMMC since that time remain open without WRNMMC FOIA case tracking numbers assigned or any reply.

The statement that the Department of Defense and WRNMMC do not know where WRNMMC submitted its FY 2012 and FY 2013 Annual FOIA reports [and Quarterly Privacy Act (PA) Reports] is not credible. WRNMMC knows where the reports were submitted. It is worthy of note that WRNMMC has denied a FOIA requests for its FY2013 Annual FOIA report and FY2013 Quarterly Privacy Act Reports, improperly claiming them to be pre-decisional documents exempt under Exemption B5 even though DOJ guidelines require FOIA report submissions to be posted on public web sites and an agency's FOIA report does not meet any of the requirements for citing that exemption. Similarly, WRNMMC has refused to provide any documents requested under FOIA related to the WRNMMC FY 2013 FOIA and PA reporting chains of command.

ACTION REQUESTED – WRNMMC Department Chief, HIPAA/Privacy Act/FOIA/Civil Liberties Office. Please reply to all email addresses and provide the following in PDF format:

- documents demonstrating the entity to whom WRNMMC submitted its FY 2012 Annual FOIA Report,
- documents demonstrating the entity to whom WRNMMC submitted its FY 2013 Annual FOIA Report,

- a copy of the WRNMMC FY 2013 Annual FOIA Report submission,
- documents demonstrating the entities to whom WRNMMC submitted its four FY 2013 Quarterly Privacy Act Reports for consolidated reporting to the United States Congress,
- copies of the WRNMMC four FY 2013 Quarterly Privacy Act Report submissions.

Finally, there are many very significant issues regarding WRNMMC FOIA and PA request processing/compliance (in addition to those cited above) that are currently being addressed at the WRNMMC/DHA working level with senior leadership awareness. These matters may be addressed in more detail at a later time, if not resolved.

The matters addressed in this letter (and those being addressed at the WRNMMC/DHA working level) go to the heart of the integrity of the FOIA process and the accuracy of FOIA/PA reporting to DOD leadership, the Chief Justice and the United States Congress. This may be a matter of concern for DON CIO, DOD CIO and OGIS.

In closing, I am taken by CDR (b) (6) email signature line quote: "Ethics only have meaning when converted to direct, decisive action."

Thank you.

With my respect,

Robert Hammond

Dear Vice Admiral Faison, Rear Admiral Moulton, Ms. Chung, Ms. Allard,

With deep respect, please see the email below that I received today. From the perspective of the accuracy and integrity of BUMED, DON JAG, DON FOIA processes and reporting through DOD to the Attorney General of the United States - not good. Potentially premeditated. Gets worse.

I have similar concerns regarding the accuracy and integrity of BUMED/DON Privacy Act reporting through DOD to Congress.

Please address this as to the accuracy and integrity of the BUMED/DON FOIA process and reporting of this Request/Appeal and whether or not there is willful false reporting plus an attempt to cover up same. DOD has all records contained in my appeal, along with the DON JAG reply, which I may address later. Ugly.

Ms, Chung, Ms. Allard, this is a DoD matter. I will greatly appreciate knowing your findings.

With my deep respect,

Robert Hammond

Your request for Fee Waiver for the FOIA request DON-NAVY-2016-000246 has been partially granted with \$ 0.0 waived. Additional details for this request are as follows:

- * Request Created on: 10/14/2015
- * Fee Waiver Disposition Reason: This request is a partial grant and part denied
- * Request Long Description: THIS IS AN APPEAL, NOT A FOIA REQUEST. I am appealing my FOIA request of September 14, 2014 to BUMED (which is shown at page 12 of the attached PDF) seeking the Walter Reed National Military Medical Center (WRNMMC) Fiscal Year 2012 Annual FOIA Report Submission. Basis for Appeal. This request remains open and unanswered, and I have not been provided an FY 2014 case tracking number. Despite factually inaccurate assertions by Ms. Patterson in the attachment, BUMED has not provided a reply to this FOIA request, nor has there been any letter of referral to Walter Reed National Military Medical Center. No responsive documents have been provided. I am further asserting that my FOIA request was not included in the DON FY 2014 Annual FOIA Report Submission to the Attorney General, nor has it been included in the FY 2015 submission. As shown in the attachment, DON is aware that this FOIA request has not been included in its Annual FOIA Report submission. Please address this matter in your response to my appeal.

Subject: [Non-DoD Source] BUMED False Reporting? FOIA Fee Waiver Disposition Reached for DON-NAVY-2016-000246

Dear Vice Admiral Faison, Rear Admiral Moulton, Ms. Chung, Ms. Allard,

With deep respect, please see the email below that I received today. From the perspective of the accuracy and integrity of BUMED, DON JAG, DON FOIA processes and reporting through DOD to the Attorney General of the United States - not good. Potentially premeditated. Gets worse.

I have similar concerns regarding the accuracy and integrity of BUMED/DON Privacy Act reporting through DOD to Congress.

Please address this as to the accuracy and integrity of the BUMED/DON FOIA process and reporting of this Request/Appeal and whether or not there is willful false reporting plus an attempt to cover up same. DOD has all records contained in my appeal, along with the DON JAG reply, which I may address later. Ugly.

Ms. Chung, Ms. Allard, this is a DoD matter. I will greatly appreciate knowing your findings.

With my deep respect,

Robert Hammond

Subject: FOIA Fee Waiver Disposition Reached for DON-NAVY-2016-000246

Your request for Fee Waiver for the FOIA request DON-NAVY-2016-000246 has been partially granted with \$ 0.0 waived. Additional details for this request are as follows:

* Request Created on: 10/14/2015

* Fee Waiver Disposition Reason: This request is a partial grant and part denied

* Request Long Description: THIS IS AN APPEAL, NOT A FOIA REQUEST. I am appealing my FOIA request of

September 14, 2014 to BUMED (which is shown at page 12 of the attached PDF) seeking the Walter Reed National Military Medical Center (WRNMMC) Fiscal Year 2012 Annual FOIA Report Submission. Basis for Appeal. This request

remains open and unanswered, and I have not been provided an FY 2014 case tracking number. Despite factually inaccurate assertions by Ms. Patterson in the attachment, BUMED has not provided a reply to this FOIA request, nor has there been any letter of referral to Walter Reed National Military Medical Center. No responsive documents have been provided. I am further asserting that my FOIA request was not included in the DON FY 2014 Annual FOIA Report Submission to the Attorney General, nor has it been included in the FY 2015 submission. As shown in the attachment, DON is aware that this FOIA request has not been included in its Annual FOIA Report submission. Please address this matter in your response to my appeal.

Dear Vice Admiral Faison,

With my deep respect, regarding the question of whether not BUMED reported my 2014 FOIA request seeking Walter Reed's FY 2012 Annual FOIA Reports in BUMED's and DON's FY 2014 and FY 2015 Annual FOIA Reports, I had already advised ODCMO staff that I already know the answer through publically available records and emails. Further, that it doesn't take a team of lawyers to answer the simple yes/no question and that I do not need a reply. But, ODCMO does.

Mr. Tillotson is ultimately responsible for ensuring the accuracy of reporting and the integrity of the FOIA processes within DOD.

I subsequently received a letter from your senior legal staff declining to address that question. Also, Mr. Lattin, DON JAG, (improperly) included that matter in an unrelated FOIA appeal (which will therefore carry that matter forward in any subsequent proceedings involving DOD). Mr. Lattin's irrelevant page-long discourse discussing the electronic Administrative appeal system has nothing whatsoever to do with whether or not BUMED & DON failed to report the underlying FOIA request and what actions BUMED took or did not take, having been notified in advance of FY 2014 closure and thereafter. Mr. Lattin's answer will fail in any venue.

Please ask your staff for the facts and relevant correspondence. Please advise Mr. Tillotson or his staff of your findings (yes/no), along with what actions, if any, BUMED is taking.

Thank you.

With my deep respect,

Robert Hammond

Subject: Re: BUMED False Reporting? FOIA Fee Waiver Disposition Reached for DON-NAVY-2016-000246

Dear Vice Admiral Faison, Vice Admiral Bono, Rear Admiral Moulton, Ms. Chung, Ms. Allard, As a point of clarification, the accuracy of reporting to this request was not resolved by the administrative appeal below. Perhaps it will be accurately documented now.

In his November 16, 2015 final determination letter, Mr. Grant E. Lattin, DON JAG, stated, "You appeal the non-response of the Navy Bureau of Medicine and Surgery (BUMED) to your September 21, 2014 request for all information they received from Walter Reed National Military Medical Center (WRNMMC) with regard to the Fiscal Year 2012 FOIA Report...BUMED was not able to locate a response to your September 21, 2014 request."

Regarding, whether or not my FOIA Request had been reported and entered into previous Fiscal Year Reports or if such reports should be amended, Mr. Lattin, stated that no action would be taken... that I had no right to ask... that the agency had no requirement to respond.

This followed a 7 Jan 15 letter (Ser DNS-36JP/15U105010), from Ms. Robin L. Paterson (OPNAV DNS 36 (DON FOIA/PA)) - that included BUMED, DHA, Walter Reed, Defense FOIA Policy Office - in which Ms. Patterson states, "BUMED indicated that their offices have no record of a FOIA Annual Report submission from WRNMMC since Fiscal Year 2009."

In doubt, I sought through FOIA and obtained from Ms. Patterson, the "Fiscal Year 2012 Subcomponent/Component or Agency" addendum supporting her FY 2012 Annual Report. That addendum shows National Naval Medical Center as the first subcomponent under BUMED.

In partially granting my appeal, Mr. Lattin released Walter Reed's FY 2012 Annual FOIA Report submission to BUMED that Walter Reed had forwarded as an attachment to BUMED in an October 01, 2012 3:09PM email. BUMED had the records all along.

I thought then, and still believe, that WRNMMC, BUMED, DON FOIA/PA, DHA did not want me to have those records. Why? These records are required by DOJ to be made publicly available, allowing requesters to see how – or even if – their requests and appeals are being reported to the Attorney General of the United States. Accurate reporting is the cornerstone of accountability.

Also, in my appeal package, you will find discussion relating to an appeal of a FOIA request that Walter Reed had improperly denied claiming that I had not offered to pay, even though the request clearly offers to pay \$200. By that unethical action any FOIA request could be denied. DON JAG sustained the appeal. Ms. Patterson interjected that matter into her letter.

Through OGIS, I sought only the basis of denial of that request as DON JAG and Walter Reed had reported it in their Annual FOIA Reports. Rather than answer that question, Mr. Lattin proclaimed that he was prepared to defend his decision in court. I felt that response was arrogant. DON JAG ultimately conceded that I “was improperly advised,” but did not disclose the basis for denial. Long story short, I sought DON JAG’s Appeals Processing Log via FOIA, which, although heavily and improperly redacted, shows that DON JAG had not reported that appeal denial along with others. As I recall, there is a critical performance element for Mr. Lattin’s position related to the accuracy of the FOIA/Appeals Logs.

In over 40 years of serving DOD, it is my experience that by-in-large, FOIA/Privacy Officers are good and decent people trying to do a good job. Decisions are typically made by management, following legal review, sometimes placing those at the bottom rung, leadership and the Department in peril.

When will this all end? What will it take? These are easy audits.

In my view, integrity matters; accountability begins at the top; leadership is key.

This is a DOD matter.

I am asking for your help.

That said, I am open to considering timely, reasonable mediation with DOD regarding some records that I am currently seeking.

Thank you.

With my deep respect,

Robert Hammond

Dear Ms. Robin Patterson (Head DON FOIA/PA Office),

Please compare page 7 of Attachment A with pages 48-67 (Walter Reed's FY 2012 Annual FOIA Report Submission to BUMED). Please also review publically available records, including BUMED and DON Annual FOIA Report Submissions.

Please also refer to my email 10/6/2017 3:38:34 PM, entitled "BUMED False Reporting?"

Who at BUMED stated that Walter Reed had not made any Annual FOIA Reports submissions to BUMED since 2009, and why? Della Garcia? CDR (b) (6)? May I ask, if you knew that the statement was inaccurate when you made it and, if so, why did you make it? Who else knew?

As to your comment regarding raw statistical data, please compare your comment at page 6 of Attachment A with Attachment B, which is an email from Bizzell, Judy J CIV US WRNMMC to 'DONFOIA-PA'; Patterson, Robin L CIV OPNAV, DNS-36, cc: Garcia, Della W. GS BUMED, entitled "FY13 1st FOIA Quarterly Report."

Have you advised Vice Admiral Faison and Ms. Fletcher regarding your knowledge of Walter Reed's quarterly FOIA reports submissions versus the numbers in the annual reports while Walter Reed was a DON reporting entity?

Problem with the numbers not adding up?

Mr. Lattin, do you have any comments regarding the last two paragraphs at page 2?

If I have misstated anything in Attachment A or in any other correspondence, please kindly let me know soonest, so that I may correct.

Thank you.

Dear Ms. Robin Patterson (DONFOIA-PA, OPNAV DNS-36), Please see https://www.huffingtonpost.com/2014/01/08/us-navy-email-foia_n_4564068.html.

Would you care to respond to the article, which states that you plot ways to dodge and strategies to thwart legitimate FOIA Requests?

Are those assertions accurate?

Why did Steve Muck apologize on behalf of Navy, instead of you?

Is this an ongoing practice?

Thank you.

Dear Ms. Allard and Ms. Fletcher,

In a matter which initially predates your current assignments, DOJ ordered DOD to submit quarterly FOIA Reports following a 2012 GAO audit of extensive deficiencies in DOD's FOIA practices, including (among others) deficiencies in assignment of tracking numbers, errant reporting to DOJ, over-use of Exemptions (b)(5) and (b)(6) and other matters. See GAO Report GAO-12-828 of July 2012, subject Freedom of Information Act. See <http://www.gao.gov/assets/600/593169.pdf>.

In the "Department of Defense Chief Freedom of Information Act Officer Report for 2013" at page nine, DOD states:

"The Navy underwent an in-house audit of the FOIA organization at naval activities, and a GAO audit of its overall program. These reviews enabled the Navy to establish a plan for improvement. In fiscal year 2011, the Navy reported a 70% increase in its backlog. In fiscal year 2012, the Navy successfully decreased its backlog by 28%". The Report is available at http://www.dod.mil/pubs/foi/dfoipo/docs/2013_ACFO_Report_FINAL_REPORT.pdf

DOD's statement to DOJ is false.

When I sought such records via FOIA, Robin Patterson (OPNAV-DNS-36), Head of Department of Navy (DON) FOIA/PA Program Office provided an initial determination letter, which stated that no such FOIA Improvement Plan was ever created, even though DOD had falsely reported to DOJ that it had done so.

With my deep respect, I believe that the same errant practices noted in the GAO Report are ongoing today. This poses several questions.

Why would Department of Navy make such a false statement in an official report to DOJ?

Why hasn't this been corrected?

Who is responsible for such false reporting?

To what degree is the alleged, improvement in backlogs, processing times and reduced use of exemptions (b)(5) and (b)(6) due to intentional omission of FOIA Requests and Appeals; to overriding automated systems, which generate quarterly and annual FOIA reports? Do the numbers add up?

I do not want to believe that such false reporting to DOJ is something that DON and DOD condone; tolerate. Will anyone be held accountable? What is the tipping point? When is enough, enough?

With my deep respect and sincere appreciation for your continued support.

Dear Ms. Allard,

With my deep respect, regarding the general FOIA/PA questions below, are you able to clarify the DCPL position regarding any entity or person who may have submitted or received quarterly FOIA reports, wherein the numbers do not add up to the end of FY Annual FOIA Reports?

I have the same question regarding incomplete PA reports.

Also, I am not aware of any applicable legal protections for agency counsel/legal staff who may have personally participated in these matters and /or participated in covering them up. Are there any?

Would you consider (through your office under your delegated authority (or Mr. Tillotson/Ms. Chung directly)), directing the following entities - Walter Reed, BUMED, DON JAG, DON CIO (with respect to the Walter Reed, BUMED, and DON JAG) and DHA/TMA - to recover from archives/backup servers (as necessary) and preserve all quarterly FOIA and PA Reports submissions records from 2012 forward, together with Annual FOIA Reports submissions records, for potential audit by your office/and or an external entity, as appropriate?

This is more efficient than having to reconstruct such records from source case files, which are required to be maintained.

I am suggesting this, because any destruction of such records in anticipation of audit/other may be problematic in a variety of venues.

Also, for efficiency, would you consider directing such entities to timely identify for your office, via their leadership, any known discrepancies in reporting (which will require notes amending past reports) and any open, unreported FOIA or PA cases that will need to be added to the next reports submissions to the Attorney General and to Congress to make them current and fully accurate?

Thank you. Have a great Veterans Day holiday.

With my deep respect,
Robert Hammond.

Dear Ms. Allard,

Thank you and your staff for your ongoing support.

With my deep respect, what is the Defense Privacy and Civil Liberties Office (DPCLO) position regarding any agency that assigns duplicate individualized FOIA tracking numbers to completely disparate requests from different

parties and then fails to report both requests in their Annual FOIA Reports through your office to the Attorney General and Congress?

Will there be any "top cover" at any level for persons who may have participated in such actions, for those who may have known, or for those who may have participated in covering up such actions?

Will there be any "buffers" at any level?

Chance to "come clean" for those on the bottom rung of the ladder, who may just be trying to do a good job, but may be impeded from doing so?

PA - same questions.

With my deep respect, I am adding key leadership of Walter Reed, DHA, BUMED and DON CIO, and seeking their support, as I believe that significant improvement in the integrity of the FOIA/PA processes and the accuracy of FOIA/PA reporting under their respective commands/reporting chains is warranted.

Dear Ms. Allard,

With my deep respect, I am seeking a further policy determination from your office regarding DOD's interpretation of/policy for using the FOIA (b)(6) privacy exemption.

First question, once records have been released through FOIA without redaction, can that very same information later be redacted under the FOIA (b)(6) privacy exemption?

Second question, does it make a difference if that very same information was released through FOIA without redaction both before and after one's request?

Third question, does it make a difference if the redacted information is the email addresses of FOIA Officers, FOIA responders and FOIA Office personnel contained in those emails?

Forth question, does it make a difference if the redacted information is the email addresses of Privacy Officers, Privacy Act Report responders and Privacy Office personnel contained in previously released emails?

Fifth and sixth questions, again, what about multi-function printer, copier, scanner, fax machines? WRT Walter Reed?

In the absence of a policy determination, the DOD agency responses become the DOD position in any further proceedings and venues.

I am concerned that use of the FOIA (b)(6) privacy exemption in such cases may (perhaps) be being used to cover up errant/false reporting to your office for consolidation in reports to the Attorney General of the United States and Congress. I don't know the motive. However, this would be a concern in a variety of venues.

Please also reinforce that all FOIA (b)(6), (b)(5) denials, etc., must be properly reported. That has been problematic. Also, please reinforce that "refusing to respond" to a FOIA request is not an appropriate option/response and that the applicable FOIA exemption, if any, must be cited. Also, what happens if a FOIA Officer may personally know that records exist within the agency/DOD and that FOIA Officer does not search for those records? What would be the consequences in various venues, particularly wrt my concern above? What if records are then deleted? What would DOD's position be? Others?

These are broad questions, applicable across the Department.

Please advise Ms. Chung and (through her) Mr. Tillotson of my concerns.

Still a DOJ/GAO concern. Congress also. Others.

With my deep respect and appreciation,

Robert Hammond

Dear Ms. Allard,

First, thank you for all that you and your staff are doing WRT the integrity of the FOIA/PA processes and the accuracy of reporting. I appreciate it.

With my deep respect, I am seeking a policy determination from your office regarding DOD's interpretation of/policy for using the FOIA (b)(6) privacy exemption.

May I ask:

- Do the names of Agency's have privacy rights?
- Ordinary building names?
- Military Treatment Facility names?
- FOIA Officer names?
- Multi- function printer, copier, scanner, fax machines? This last rather odd issue came up recently

WRT Walter Reed.

As you know, in a GAO audit requested by the Attorney General, DOD was singled out (along with three other federal agencies) regarding concerns over misuse of this exemption, misuse the (b)(5) exemption and errant FOIA tracking and reporting to the Attorney General. For some time, DOJ required DOD to submit quarterly FOIA Reports and ODCMO required additional data.

As you know, I am concerned that many of these same errant practices that DOD promised to fix are still ongoing and that [promised] internal controls to prevent them may be being overridden.

Still a DOJ/GAO concern.

With my deep respect,

Robert Hammond

Subject: Request for DOD Mediation: Appeal of FOIA Request – All FY 2013 Quarterly FOIA Report Emails; also, Questions of Intent, Potential Collusion, Ongoing Cover-up Dear Mr. Hogan With my deep respect and appreciation for your past support, I am seeking your help and hoping to timely resolve the subject matter above within DOD. I am accepting your prior offer and seeking mediation through your office. I will greatly appreciate the final DOD position on this subject matter, together with release of all responsive records within DOD's control, within twenty working days. Grant E. Lattin, Office of the Department of Navy Judge Advocate General (DON JAG) has issued a final appellate determination (Attachment A) to the above cited Appeal. My subject Appeal is at Attachment B. Without specifically sustaining my appeal of the Agency's improper (b)(6) redactions and improper withholding of records, DON JAG issued a limited remand of my request back to the DON FOIA/PA Office on October 4, 2017 (Attachment C). The DON FOIA PA Office issued an initial determination to that limited remand on December 28, 2017 (Attachment D).

This is now a DOD matter involving Walter Reed National Military Center, Defense Health Agency, multiple commands within Department of Navy and DOD as a whole, which is now ripe for judicial review and review in other venues. Please bring all DON case documents and other records into your files (including all records of searches). Please also initiate a Directorate for Oversight and Compliance review.

The central issues are: (1) whether records responsive to my request existed within DOD at the time of my Request; (2) whether persons responsible for conducting searches (Patterson et. al.) have knowledge that such records exist and did not search for them in locations where they would likely exist; (3) whether anyone having knowledge of my FOIA Request destroyed records after I sought them (and after being specifically advised to preserve records for judicial review); (5) whether DON JAG acted properly in adjudicating my appeal; (6) whether DON JAG properly recorded its partial denials and partial grants in its FOIA Case Tracking Log (FOIAonline) for subsequent FOIA Reporting; and (7) unresolved questions involving intent, potential collusion and potential ongoing cover-up.

Records Sought Under the FOIA. I am respectfully seeking for Fiscal Year 2013

1. The SOP – FOIA Quarterly Reports and Consolidation Process
2. All four quarterly FOIA Reports submissions emails for Fiscal Year 2013 to the DON FOIA/PA Office from any submitter.

3. This request also seeks a copy of this request (which is an agency record) returned in your reply.

Basis for Appeal.

1. I am appealing that the Agency did not provide any reports records for Walter Reed National Military Medical Center, nor did the Agency conduct any searches for such records. Walter Reed's 1st quarterly report submission (obtained separately via FOIA) is at Enclosure 3. The Agency is withholding all four quarterly reports. Note that these reports were sent by Bizzell, Judy J CIV US WRNMMC to 'DONFOIA-PA'; Patterson, Robin L CIV OPNAV, DNS-36, cc: Garcia, Della W. GS BUMED. Also, note that there are no (b)(6) redactions whatsoever.
2. I am appealing that the Agency has improperly denied portions of my request under 5 U.S.C. 552(b)(6).
 - a. Every email address that has been redacted is already in the public domain and has been released pursuant to FOIA. See Enclosure 4 (October 10, 2013 10:57 AM email from (b) (6) @navy.mil Subject: FOIA OFFICE STAND DOWN) as one example of the email addresses that are in the public domain. See Enclosure 5, which is the BUMED reply, "RE: Action Item due June 21, 2013 - Quarterly FOIA Reporting." All of the email addresses that have been redacted are already in the public domain via FOIA and cannot be redacted in this document or any other. This includes the email address for Garcia, Della W. GS BUMED as discussed above.
 - b. The agency is redacting the phone numbers of FOIA officers, which are also in the public domain, with many published on public websites.
 - c. The Agency is inconsistent in redacting the names of the email submitters. See Enclosure 6 where the name of the FOIA Officer is redacted, but the name of Thompson, Scott F CAPT OJAG, CODE 13 is not. As noted, the names of FOIA Officers are already in the public domain, via countless determination letters emails, posting on public websites, etc.
 - d. There is a clear public interest in the identities of the persons submitting FOIA report data. There is no expectation of privacy on the part of the FOIA Officers; their information is already in the public domain and intended to be so.
3. I am appealing that the Agency did not release the 1st and 2nd quarterly reports submissions for any component. These records are known to be in the Agency's custody, based on records released by some components. My request seeks ALL records.
4. I am appealing that the Agency did not release the SOP – FOIA Quarterly Reports and Consolidation Process.
5. I am appealing that the Agency did not return a copy of my FOIA request in its initial determination letter.

Please address the matters above and each of my responses below to DON JAG's final determination.
FIRST ISSUE.

Mr. Lattin's statement, that Walter Reed (WRNMMC) did not submit quarterly FOIA Reports to DON FOIA/PA or BUMED in FY 2013 is inaccurate.

Lattin's determination that DON FOIA/PA correctly did not search for such records from Walter Reed is flawed and improper.

Please see Walter Reed's FY13 1st FOIA Quarterly Report email of January 24, 2013 1:07 PM from "Bizzell, Judy J CIV US WRNMMC" to "DONFOIA-PA"; Patterson, Robin L CIV OPNAV, DNS-36, DNS-36" with a copy to "Garcia, Della W. GS BUMED; Bizzell, Judy J CIV US WRNMMC" within my Appeal at Attachment B, (Enclosure 3). Notably, the quarterly FOIA report numbers do not add up.

Although this Walter Reed email was included in my Appeal, Lattin chose to state in his final determination letter that Walter Reed had not submitted any such reports.

Lattin did not include this matter in his remand to DON FOIA/PA. It is now ripe for judicial review.

Please see also my email to Ms. Patterson and Ms. Garcia at Attachment E, again noting that all records of searches must be preserved.

SECOND ISSUE.

The DON FOIA/PA Office's denial in redacting the names of FOIA Officers and those performing FOIA duties is improper. That very same information has been released without redaction both before and after my FOIA Request. One example, provided within the appeal itself, is an October 10, 2013 10:57 AM email from (b) (6) @navy.mil, Subject: FOIA OFFICE STAND DOWN, with no email addresses or names redacted. See Attachment B, (Enclosure 4), at 17 – 19. I previously sought DOD's position regarding this matter in an email of Oct 8, 2017 6:59 AM, Second and Third Questions). See Attachment F; see also Department of Defense Privacy Program, DoD 5400.11-R, May 14, 2007, C4.2.2.,

Disclosures Required by FOIA; DoD Freedom of Information Act Program, DoD 5400.7-R, 3.9, Relationship Between the FOIA and the Privacy Act (PA).

Lattin chose to limit his remand to "publicly-posted representative coordinators or those designated as Initial Denial Authorities." DON FOIA/PA has responded to that limited remand. The entirety of my appeal regarding improper denial of my request under 5 U.S.C. 552(b)(6) request under 5 U.S.C. 552(b)(6) is now a DOD matter.

Note that the email address of (b) (6) @navy.mil of the DON FOIA/PA Office has been released numerous times pursuant to FOIA requests. (b) (6) speaks on behalf of the Navy on occasion, and has been specifically identified by name to do so in letters issued by Robin Patterson, Head DON FOIA/PA Program Office. This was the case in her 7 Jan 15 letter to me regarding my request seeking Walter Reed's FY 2012 Annual FOIA Report submission to BUMED (5720, Ser DNS-36JP/15U105010), in which Patterson incorrectly stated that Walter Reed had not submitted any FOIA reports to BUMED since 2009. Perhaps citing an unaccountable contractor is meant to avoid accountability by government personnel. Also, Richard A. Strong, who issued the DON FOIA/PA Office remand initial determination at Attachment C, was himself a contractor in FY 2013. There is significant public interest in the identities of all persons participating in the quarterly FOIA reports process/emails, notwithstanding Lattin's narrow, limited remand. Lattin's failure to sustain my appeal of the Agency's improper application of the (b)(6) exemption, while at the same time remanding my Request back to DON FOIA/PA, is indicative of potential, unverified false reporting through your office to the Attorney General and to Congress. Lattin has done this same thing before.

THIRD ISSUE.

The issue is not whether or not DON FOIA/PA follows the Secretary of the Navy Manual 5210.1 regarding record retention (which they do not) or whether records "were no longer in the filing system maintained by the DON FOIA/PA Office." The issues are: (1) whether or not records existed at the time of my request; (2) whether or not Ms. Patterson, Ms. Garcia and others know that records existed within DOD at the time of my Request and did not search for them in locations where they would likely exist; (3) whether or not any person having knowledge of my FOIA request destroyed records subsequent to my Request in anticipation of judicial review; (4) whether or not, under the guise of records retention, DON may have potentially promoted destruction of records responsive to this Request, which is unverified. I previously sought the DOD position on such matters from Ms. Cindy L. Allard, ODCMO, Directorate for Oversight and Compliance on October 8, 2017. Please see my email of Nov 2, 2017 8:09 PM at Attachment F.

FOURTH ISSUE.

Without sustaining my appeal, Lattin directed DON FOA/PA to produce the SOP – FOIA Quarterly Reports and Consolidation Process and related records.

It is improper for Lattin to direct the Agency to produce records (which were the subject of my appeal and which had not been released in the initial determination letter) without sustaining the underlying appeal. Lattin has done this before.

FIFTH ISSUE.

The Agency did not provide a copy of my FOIA Request back with its initial determination letter as required. It is an official agency record in its own right. I generally seek records via email in PDF format with an imbedded copy of my requests to preclude the Agency from: (1) not addressing the FOIA Request and (2) not providing the documents stated in the Agency's letter reply, and also to make it obvious in any subsequent review what the Agency has or has not done. Releasing a redacted version online does not comport with the FOIA or DOD's governing regulation. See DoDM 5400.07, January 25, 2017 ¶ 3.12 (HONORING FORM OR FORMAT REQUESTS).

SIXTH ISSUE.

In his final determination of this Appeal, Lattin (DON JAG) attempts to address an issue of BUMED's potential, unverified false reporting, with regard to a particular FY 2014 FOIA Request. I addressed this matter (with my deep respect) in my email to Vice Admiral Faison of 10/6/2017 3:38:34 PM. See Attachment G.

In as much as Lattin improperly included this matter in his final appellate determination, the matter of BUMED, DON JAG and DON potential, unverified false reporting remains live in any venue involving his final appellate determination of my Request at issue.

With my deep respect and continued appreciation for your help,

Robert Hammond

Subject: [Non-DoD Source] Re: BUMED False Reporting?

Dear Vice Admiral Faison,

With my deep respect, regarding the question of whether not BUMED reported my 2014 FOIA request seeking Walter Reed's FY 2012 Annual FOIA Reports in BUMED's and DON's FY 2014 and FY 2015 Annual FOIA Reports, I had already advised ODCMO staff that I already know the answer through publically available records and emails. Further, that it doesn't take a team of lawyers to answer the simple yes/no question and that I do not need a reply. But, ODCMO does.

Mr. Tillotson is ultimately responsible for ensuring the accuracy of reporting and the integrity of the FOIA processes within DOD.

I subsequently received a letter from your senior legal staff declining to address that question. Also, Mr. Lattin, DON JAG, (improperly) included that matter in an unrelated FOIA appeal (which will therefore carry that matter forward in any subsequent proceedings involving DOD). Mr. Lattin's irrelevant page-long discourse discussing the electronic Administrative appeal system has nothing whatsoever to do with whether or not BUMED & DON failed to report the underlying FOIA request and what actions BUMED took or did not take, having been notified in advance of FY 2014 closure and thereafter. Mr. Lattin's answer will fail in any venue.

Please ask your staff for the facts and relevant correspondence. Please advise Mr. Tillotson or his staff of your findings (yes/no), along with what actions, if any, BUMED is taking.

Thank you.

With my deep respect,

Robert Hammond

Subject: Re: BUMED False Reporting? FOIA Fee Waiver Disposition Reached for DON-NAVY-2016-000246

Dear Vice Admiral Faison, Vice Admiral Bono, Rear Admiral Moulton, Ms. Chung, Ms. Allard, As a point of clarification, the accuracy of reporting to this request was not resolved by the administrative appeal below. Perhaps it will be accurately documented now.

In his November 16, 2015 final determination letter, Mr. Grant E. Lattin, DON JAG, stated, "You appeal the non-response of the Navy Bureau of Medicine and Surgery (BUMED) to your September 21, 2014 request for all information they received from Walter Reed National Military Medical Center (WRNMMC) with regard to the Fiscal Year 2012 FOIA Report...BUMED was not able to locate a response to your September 21, 2014 request."

Regarding, whether or not my FOIA Request had been reported and entered into previous Fiscal Year Reports or if such reports should be amended, Mr. Lattin, stated that no action would be taken... that I had no right to ask... that the agency had no requirement to respond.

This followed a 7 Jan 15 letter (Ser DNS-36JP/15U105010), from Ms. Robin L. Paterson (OPNAV DNS 36 (DON FOIA/PA)) - that included BUMED, DHA, Walter Reed, Defense FOIA Policy Office - in which Ms. Patterson states, "BUMED indicated that their offices have no record of a FOIA Annual Report submission from WRNMMC since Fiscal Year 2009."

In doubt, I sought through FOIA and obtained from Ms. Patterson, the "Fiscal Year 2012 Subcomponent/Component or Agency" addendum supporting her FY 2012 Annual Report. That addendum shows National Naval Medical Center as the first subcomponent under BUMED.

In partially granting my appeal, Mr. Lattin released Walter Reed's FY 2012 Annual FOIA Report submission to BUMED that Walter Reed had forwarded as an attachment to BUMED in an October 01, 2012 3:09PM email. BUMED had the records all along.

I thought then, and still believe, that WRNMMC, BUMED, DON FOIA/PA, DHA did not want me to have those records. Why? These records are required by DOJ to be made publicly available, allowing requesters to see how - or even if - their requests and appeals are being reported to the Attorney General of the United States. Accurate reporting is the cornerstone of accountability.

Also, in my appeal package, you will find discussion relating to an appeal of a FOIA request that Walter Reed had improperly denied claiming that I had not offered to pay, even though the request clearly offers to pay \$200. By that unethical action any FOIA request could be denied. DON JAG sustained the appeal. Ms. Patterson interjected that matter into her letter.

Through OGIS, I sought only the basis of denial of that request as DON JAG and Walter Reed had reported it in their Annual FOIA Reports. Rather than answer that question, Mr. Lattin proclaimed that he was prepared to defend his decision in court. I felt that response was arrogant. DON JAG ultimately conceded that I "was improperly advised," but did not disclose the basis for denial. Long story short, I sought DON JAG's Appeals Processing Log via FOIA, which, although heavily and improperly redacted, shows that DON JAG had not reported that appeal denial along with others. As I recall, there is a critical performance element for Mr. Lattin's position related to the accuracy of the FOIA/Appeals Logs.

In over 40 years of serving DOD, it is my experience that by-in-large, FOIA/Privacy Officers are good and decent people trying to do a good job. Decisions are typically made by management, following legal review, sometimes placing those at the bottom rung, leadership and the Department in peril.

When will this all end? What will it take? These are easy audits.

In my view, integrity matters; accountability begins at the top; leadership is key.

This is a DOD matter.

I am asking for your help.

That said, I am open to considering timely, reasonable mediation with DOD regarding some records that I am currently seeking.

Thank you.

With my deep respect,

Robert Hammond

I have similar concerns regarding the accuracy and integrity of BUMED/DON Privacy Act reporting through DOD to Congress.

Please address this as to the accuracy and integrity of the BUMED/DON FOIA process and reporting of this Request/Appeal and whether or not there is willful false reporting plus an attempt to cover up same. DOD has all records contained in my appeal, along with the DON JAG reply, which I may address later. Ugly.

Subject: FOIA Fee Waiver Disposition Reached for DON-NAVY-2016-000246

Your request for Fee Waiver for the FOIA request DON-NAVY-2016-000246 has been partially granted with \$ 0.0 waived. Additional details for this request are as follows:

* Request Created on: 10/14/2015

* Fee Waiver Disposition Reason: This request is a partial grant and part denied

* Request Long Description: THIS IS AN APPEAL, NOT A FOIA REQUEST. I am appealing my FOIA request of September 14, 2014 to BUMED (which is shown at page 12 of the attached PDF) seeking the Walter Reed National Military Medical Center (WRNMMC) Fiscal Year 2012 Annual FOIA Report Submission. Basis for Appeal. This request remains open and unanswered, and I have not been provided an FY 2014 case tracking number. Despite factually inaccurate assertions by Ms. Patterson in the attachment, BUMED has not provided a reply to this FOIA request, nor has there been any letter of referral to Walter Reed National Military Medical Center. No responsive documents have been provided. I am further asserting that my FOIA request was not included in the DON FY 2014 Annual FOIA Report Submission to the Attorney General, nor has it been included in the FY 2015 submission. As shown in the attachment, DON is aware that this FOIA request has not been included in its Annual FOIA Report submission. Please address this matter in your response to my appeal.

If you believe that my request is unclear, if you have any questions, or if there is anything else that you need from me to complete this request in a timely manner, please contact me in writing, so that I may perfect my request. If you deem that any portion of my request is unclear, answer the remaining portions and I will perfect a request for additional material as needed.

7. FOIA provides that any person who has not been provided the records requested pursuant to FOIA, after exhausting their administrative remedies, may seek legal redress from the Federal District Court to enjoin the agency from withholding agency records and to order the production of any agency records improperly withheld from the complainant.

6. FOIA expressly provides that a person shall be deemed to have constructively exhausted their administrative remedies if the agency fails to comply with the applicable time limitations provided by 5 U.S.C. § 552(a)(6)(A)(i) - (ii). See also 5 U.S.C. § 552(a)(6)(C).

5. FOIA also requires federal agencies to make a final determination on FOIA administrative appeals that it receives within twenty days (excepting Saturdays, Sundays, and legal public holidays) after the receipt of such appeal, unless the agency expressly provides notice to the requester of "unusual circumstances" meriting additional time for responding to a FOIA request. 5 U.S.C. § 552(a)(6)(A)(ii).

4. FOIA requires that each agency shall "establish a telephone line or Internet service that provides information about the status of a request to the person making the request using the assigned tracking number, including the date on which the agency originally received the request; and an estimated date on which the agency will complete action on the request. 5 U.S.C. § 522(a)(7)(B).

3. FOIA requires that "each agency shall establish a system to assign an individualized tracking number for each request received that will take longer than ten days to process and provide to each person making a request the tracking number assigned to the request" 5 U.S.C. § 522(a)(7)(A).

2. FOIA requires that "each agency, upon any request for records which (i) reasonably describes such records and (ii) is made in accordance with published rules stating the time, place, fees (if any), and procedures to be followed, shall make the records promptly available to any person" 5 U.S.C. § 552(a)(3)(A).

"[A]ll books, papers, maps, photographs, machine readable materials, or other documentary materials, regardless of physical form or characteristics, made or received by an agency of the United States Government under Federal law or in connection with the transaction of public business and preserved or appropriate for preservation by that agency or its legitimate successor as evidence of the organization, functions, policies, decisions, procedures,

operations, or other activities of the Government or because of the informational value of data in them." 44 U.S.C. § 3301 (emphasis supplied).

1. The definition of "records" includes:

LEGAL FRAMEWORK OF FOIA

Whoever procures another to commit any perjury is guilty of subornation of perjury, and shall be fined under this title or imprisoned not more than five years, or both.

Title 18 U.S.C. <https://en.wikipedia.org/wiki/Title_18_of_the_United_States_Code> § 1622
<<https://www.law.cornell.edu/uscode/text/18/1622>> provides:

The term subornation of perjury further describes the circumstance wherein an attorney at law
<<https://en.wikipedia.org/wiki/Lawyer>> causes a client to lie under oath or allows another party to lie under oath.

*

Subordination of perjury

"Whenever the court orders the production of any agency records improperly withheld from the complainant and assesses against the United States reasonable attorney fees and other litigation costs, and the court additionally issues a written finding that the circumstances surrounding the withholding raise questions whether agency personnel acted arbitrarily or capriciously with respect to the withholding, the Special Counsel shall promptly initiate a proceeding to determine whether disciplinary action is warranted against the officer or employee who was primarily responsible for the withholding. The Special Counsel, after investigation and consideration of the evidence submitted, shall submit his findings and recommendations to the administrative authority of the agency concerned and shall send copies of the findings and recommendations to the officer or employee or his representative. The administrative authority shall take the corrective action that the Special Counsel recommends." 5 U.S.C. § 552(a)(4)(F)(i).

Pursuant to FOIA:

PRESERVATION OF RECORDS AND SEARCHES PERFORMED. Please preserve all responsive or potentially responsive records and records of your searches in your FOIA case file until the statutory date for judicial review has passed (should that be necessary) or in accordance with a NARA approved records schedule, if longer. Records of responsive searches would include but not be limited to: Searches conducted for each specific record sought and all other records known to the Agency, including dates, manner of searching, responsible agent or employee conducting each search and the results thereof. Any deletion of potentially responsive records by any party having knowledge of this Request may be a violation of law. In any subsequent proceedings, I may seek sworn declarations.

PUBLIC INTEREST. The accuracy and integrity of DOJ JAGs FOIA process and FOIA reporting are in the public interest. The subject of the requested records concerns "the operations or activities of the government." The disclosure is "likely to contribute" to an understanding of government operations or activities. There is no commercial interest. There is significant public interest.

Agreement to Pay Fees. I agree to pay fees for searching or copying the records up to \$100. If the fees exceed this amount please advise me of the cost before proceeding. I do not believe that there should be any charge for providing these records, as there is public interest in government operations. I am a private individual not seeking documents for commercial use, such that the following applies: "No fees may be charged by any DoD Component if the costs of routine collection and processing of the fee are likely to equal or exceed the amount of the fee. With the exception of requesters seeking documents for a commercial use, Components shall provide the first two hours of search time, and the first one hundred pages of duplication without charge." I would note that because I am requesting a PDF file, there should not be a per page copy fee.

Please do not combine this request with any other request in your reply. I am requesting that each element of the records sought be specifically addressed in the reply.

I am requesting that documents provided as a single PDF file by return email with: (1) a signed and dated cover letter (citing my personally assigned requester control number); (2) with record page count for all records released records (3) a copy of this request in your reply. I seek records via email in PDF format with an imbedded copy of my requests to (1) impede the agency from not addressing the FOIA Request; (2) impede the Agency from not providing the documents stated in the Agency's letter reply, and (3) make it obvious in any subsequent review what the Agency has or has not done.

Requested Format.

3. I am also requesting that a copy of this FOIA Request (which is an agency record) be included as a responsive record integral to my Request.

- f. Action Officer notes.
- e. Internal notes.
- d. Correspondence route sheets.
- c. Any records of forwarding my FOIA Request or Appeals and any responses thereto.

I am respectfully seeking:

RECORDS SOUGHT VIA FOIA.

Records that I am seeking should have been preserved in the FOIA Appeals case file and some may be in email account of the referenced personnel. My email to Vice Admiral Faison regarding BUMED potential false reporting is at Enclosure (2).

Subject: [Non-DoD Source] BUMED False Reporting? FOIA Fee Waiver Disposition Reached for DON-NAVY-2016-000246

Dear Vice Admiral Faison, Rear Admiral Moulton, Ms. Chung, Ms. Allard,

With deep respect, please see the email below that I received today. From the perspective of the accuracy and integrity of BUMED, DON JAG, DON FOIA processes and reporting through DOD to the Attorney General of the United States - not good. Potentially premeditated. Gets worse.

I have similar concerns regarding the accuracy and integrity of BUMED/DON Privacy Act reporting through DOD to Congress.

Please address this as to the accuracy and integrity of the BUMED/DON FOIA process and reporting of this Request/Appeal and whether or not there is willful false reporting plus an attempt to cover up same. DOD has all records contained in my appeal, along with the DON JAG reply, which I may address later. Ugly.

Ms, Chung, Ms. Allard, this is a DoD matter. I will greatly appreciate knowing your findings.

With my deep respect,

Robert Hammond

Subject: FOIA Fee Waiver Disposition Reached for DON-NAVY-2016-000246

Your request for Fee Waiver for the FOIA request DON-NAVY-2016-000246 has been partially granted with \$ 0.0 waived. Additional details for this request are as follows:

- * Request Created on: 10/14/2015
- * Fee Waiver Disposition Reason: This request is a partial grant and part denied

* Request Long Description: THIS IS AN APPEAL, NOT A FOIA REQUEST. I am appealing my FOIA request of September 14, 2014 to BUMED (which is shown at page 12 of the attached PDF) seeking the Walter Reed National Military Medical Center (WRNMMC) Fiscal Year 2012 Annual FOIA Report Submission. Basis for Appeal. This request remains open and unanswered, and I have not been provided an FY 2014 case tracking number. Despite factually inaccurate assertions by Ms. Patterson in the attachment, BUMED has not provided a reply to this FOIA request, nor has there been any letter of referral to Walter Reed National Military Medical Center. No responsive documents have been provided. I am further asserting that my FOIA request was not included in the DON FY 2014 Annual FOIA Report Submission to the Attorney General, nor has it been included in the FY 2015 submission. As shown in the attachment, DON is aware that this FOIA request has not been included in its Annual FOIA Report submission. Please address this matter in your response to my appeal.
